

Automotive - Built-in Refrigerators

TB22AM

The built-in series for commercial vehicles and coaches meets the most diverse market requirements in terms of size, finish and ease of use.

TB22AM is the compressor refrigerator specifically developed to be fitted on board the Mercedes Actros MP4 with engine tunnel.

It has a capacity of 25 litres and is usually installed under the driver's bunk, thus leaving more space inside the truck cab. The refrigeration unit is equipped with an anti-tilt system. The TB22AM refrigerator has a manual thermostat and magnetic hinges with hermetic closure. Installation is quick and easy.
