

Automotive - Built-in Refrigerators

## **TB30AM**

The built-in series for commercial vehicles and coaches meets the most diverse market requirements in terms of size, finish and ease of use.

TB30AM is the compressor refrigerator with a capacity of 31 litres for OEM installation on board Actros MP4 (Mercedes). The refrigerator is usually installed under the driver's bunk, thus leaving more space inside the truck cab. The refrigeration unit is equipped with an anti-tilt system. The refrigerator has a manual thermostat and magnetic hinges with hermetic closure. Installation is quick and easy.
